**Release No. 02-01**  
**Feb. 6, 2004**

### **AIR INSTALLATION COMPATIBLE USE ZONE STUDY COMPLETE**

**CHARLESTON AIR FORCE BASE, S.C.** – Charleston Air Force Base officials

announced today the completion of the 2004 Air Installation Compatible Use Zone Study, a program used to promote compatible land development in areas subject to aircraft noise and accident potential.

The AICUZ study documents changes in aircraft operations since the last study, which was released in 1992. The current AICUZ provides noise contours and Air Force recommended compatible use guidelines for land areas near the base.

A public meeting to address the 2004 AICUZ is scheduled for Feb. 12, 6:45 p.m., at the Dorchester Library, 6325 Dorchester Road.

The study can be viewed and downloaded by going to <http://public.charleston.amc.af.mil> and clicking the "Environmental" button on the right side.
